

4-5 December 2018

10am-4pm

PwC's Academy, Dubai

AED 1,000

PwC's Academy's Train the Trainer (TTT) Programme is a great opportunity for potential trainers to learn from our expert tutors with vast training experience and to refine their training skills. The potential trainers will also learn how to implement our unique PUMAQ methodology which is our key to success and has resulted in brilliant results. Our 2 day TTT programme will give trainers a chance to practise, present and get feedback from veteran trainers at the Academy.

Key outcomes

This training will bring a series of benefits for the participants including:

- A mentoring session
- A practice session
- An actual demo with feedback from our trainers
- A certificate of participation

Participants will also have the opportunity to join the pool of Academy trainers based on a successful demo, evaluated by senior trainers.

Meet the trainers

Chris Cain

Chris is the Regional Director of Professional Qualifications at PwC's Academy. He has over 30 years of experience in professional accountancy's training and development.

Mir Taimur

Taimur is the Director and Product Lead for PwC's Academy's finance qualifications portfolio. He brings with him extensive experience in finance and accounting training in the Middle East region, spanning over a decade.

Waleed Minhas

Waleed is a professional qualifications trainer at PwC's Academy with over 6 years of industry and training experience. He specialises in teaching the ACCA and CMA qualifications and a wealth of experience in finance and accounting training.

About PwC's Academy

PwC's Academy is the learning and education business of PwC.

We are committed to supporting the sustainable growth of talent across the region. We operate across the Middle East and are part of a growing network of PwC Academies present in over 40 countries worldwide.

PwC's Academy is always looking at innovative ways to deliver and change the traditional training style. Over last 4 years, the Academy has successfully achieved results which verify the claim that our training methodologies are unique.
